

CURRICULUM VITAE

February 2021

PERSONAL INFORMATION

NAME: Silvia Adriana Peluffo Geronazzo
NATIONALITY: Uruguayan/Italian
E-MAIL: apeluffo@iecon.ccee.edu.uy; adriana.peluffo@gmail.com;
Permanent address: Ana Monterroso 2116, apto. 301, Montevideo, Uruguay
Phone: (598) , GSM: (598) 99 47 90 93

RESEARCH INTERESTS

International trade
FDI and spillovers
Trade and firms' performance
Innovation
Productivity analysis
Trade and labour markets
Applied econometrics

ACADEMIC BACKGROUND

Ph.D in Applied Economics, University of Antwerp, Belgium, 2010.

MSc. in International Economics, Department of Economics, School of Social Sciences, University of the Republic, Montevideo, Uruguay, 2001.

Post-graduate Programme in "Trade Modelling and Policy", University of Antwerp, Belgium 1998-1999.

Certificate in International Economics, Department of Economics, School of Social Sciences, University of the Republic, Montevideo, Uruguay , 1992.

Specialization in Economics of the Food Industries, Centro per l'assistenza allo sviluppo (CEFAS), Viterbo, Italia, 1990-1991.

Engineer in Agriculture, School of Agronomy, University of the Republic, 1989, Montevideo, Uruguay.

SHORT COURSES

Summer School: Research on Productivity, Trade and Growth, Timbergen Institute, July 2017, Amsterdam, The Netherlands.

Structural Transformation and Industrial Policy, UNCTAD, Switzerland, Geneva, November 2017.

Trade and Poverty, UNCTAD, Geneva, Switzerland, 2014.

Tópicos Avanzados en Comercio Internacional, DECON, FCS, 2013.

RESEARCH ACTIVITIES

-Trade and Industrial Policies

-Innovation and Employment

-Destination and Source Countries: Do they Have a Role on Product Quality?

-New Stuff or Better Ways: What Matters to Survive International Markets?"

The Portrait of Success: Firms in International Trade"

-Trade Openness and its impact on firms' performance and labour markets", project in progress, grant provided by the Scientific Research Council, University of the Republic, December 2014.

-Determinants of Innovation in the Uruguayan Manufacturing Industry, 1998-2009", with C. Bianchi and G. Lezama (2014)

-The role of investments in exports growth: Evidence from a middle income country" (2013).

-Exports, skills and wages: The impact of destination in a middle income country" (2013-2014).

-Exports and productivity: Does destination matter?" with Barboni, J., Melgarejo, H. and N. Ferrari.

-Imported intermediates and productivity: Does absorptive capacity matter? A firm-level analysis for Uruguay, with Dayna Zaclicever" (2012).

-Foreign Direct Investment, Productivity, Demand for Skilled Labour and Wage Inequality: An Analysis for Uruguay" (2012).

-Assessing Labour Market Impacts of Trade Opening in Uruguay" (2012).

-The effects of international linkages on productivity and the demand for skilled labour: a firm level analysis for Uruguay (2011).

-Trade Liberalization and Manufacturing Performance: The Uruguayan Case", PhD dissertation, Universiteit Antwerpen, September 2010.

-Trade Liberalization, Productivity, Employment and Wages: An Analysis for Uruguay, 2009-2010.

-Researching the Trade Productivity Link: Evidence from Uruguay" (2009).

-Policies Aimed at Recovering Qualified Human Resources: The Uruguayan Case", with A. Bielli and M. Zamalvide", 2008.

-Innovation Policy and International Trade Rules: A Study of Textile and Clothing Sectors in Developing Countries: the Uruguayan case", UNU-MERIT, Maastricht, The Netherlands, February 2007.

- Trade and Technology Progress: assessing the dynamics gains from trade for Uruguay, Second Alfa-EU Meeting, Trade and Development, Montevideo, 1-2 September, Uruguay, 2005.
- Regional Integration and Technology Diffusion: The case of Uruguay” (2003-2005).
- Productive and Research Policies related to the Forest Complex in Uruguay” with A. Mujica (2002).
- Trade Specialization Pattern and its stability, an analysis for Uruguay”, July 2001-January 2002, work research for the SUDESCA (Sustainable Development Strategies for Central America), project funded by the Danish Research Unit in Industrial Dynamics (DRUID), Denmark.
- Impact of trade liberalization on innovative activities and export performance of firms belonging to the Food industries, 1990- 1994” (thesis Master in International Economics), 1999-2001.
- Firms’ Strategies and Export Behaviour in the Uruguayan Food Industries (2001).
- Is there a role for R&D? an analysis of the Uruguayan Food Sector”, paper presented in the International Triple Helix Conference, April 2000, Rio de Janeiro, Brazil.
- Project: “Study of barriers to innovation diffusion”, funded by the CONICYT, December 1997-August 1998.
- Sheep and Science: evolution as Basic Knowledge and Evolution as Application”, with Mujica A. and Sutz J., presented at the Society for Social Studies of Science, Tucson, Arizona, October 1997.-
- Consultancy: “Researchers income”, National Council of Scientific and Technological Research (CONICYT-IABD), 1995.-
- Economic transition in Uruguay: opportunities and constraints for building structural competitiveness” carried out under the supervision of Dr. Sutz, Volkswagen-CIESU, 1994-1995.-
- Analysis of export promotion policies in the MERCOSUR”, work carried out for the Master courses of International Economics, Department of Economics, School of Social Sciences, University of the Republic, Montevideo, Uruguay, 1994.
- Interdisciplinary Programme of Agro industries, Sub programme: “Local and Agro industrial Development”, case study: Vértice Noroeste, Bella Unión, Institute of Theory and Urbanism, School of Architecture, University of the Republic, Montevideo, Uruguay, 1988-1990.-
- Irrigation Project for “Waling Lift (Nepal), Centro per l’assistenza allo sviluppo- FAO, Viterbo, Italia, 1991.-
